Announcement 21/2017

TDC has been awarded public contract under the SKI 50.48 tender

TDC announces that the procurement agency for the Danish State and municipalities (SKI) today has concluded its tender of the 50.48 tele and data contract and awarded the contract part 1 and part 2 to TDC as main supplier. This contract covers mobile voice and data services, landline telephony services, mobile handset and modems including accessories to the Danish State, pre-registered municipalities and other public organizations. Terms of the new contract are valid as of January 1, 2018 for a period of 2 years with an option for SKI to extend the contract twice with 1 year per extension.

TDC Group has been awarded an improved agreement compared to the previous agreement. However, the contract will not impact TDC's 2017 financial guidance as published on February 6, 2017. For 2018, TDC Group is expected to have a positive effect on EBITDA compared to 2017. However, the effect will depend on how quickly customers switches to the new agreement and the full effect of the new agreement is expected in 2019. By the end of 2018, the contracts could potentially add more than 100k new mobile RGUs to TDC.

For inquiries regarding the above please contact TDC Investor Relations, on +45 6663 7680 or investorrelations@tdc.dk.
